

The Mainstream Media - The enemy of the people

The Mainstream Media
The Enemy of the People
Know your history to know
why

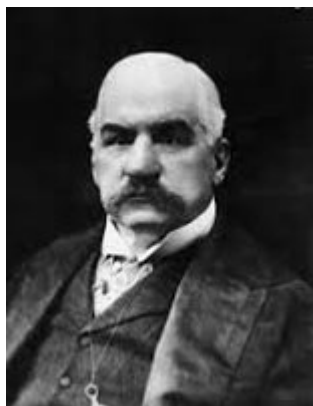

The following is a Public Service Announcement.
Being an ex-ABC newsman as well as a [top secret military witness that testified in Washington DC](#)
regarding illegal secret government operations and
experiencing first-hand how the mainstream media

is deceptively controlling the information which controls the perceptions of the public toward an agenda, an agenda that does not serve the best interests of the American public. I feel it is my solemn duty to uphold my oath against this infiltration into our media and information systems that truly represents a domestic enemy to the constitutional republic of the United States and alert my fellow citizens to this threat that is continuing to wage psychological warfare against our citizens and needs to be fully recognized by all our citizens that this represents a clear and present danger and they are "the enemy of the people". Over several decades our citizens have been indoctrinated to hide this reality, this is why it is important to know this untaught history in our education system of the control of our perceptions that have been formed by the mainstream media. The following is a brief history that has brought us to today.

1917 - Banking cabal purchases the main newspapers to control the perception of information to the public

The start of mainstream media control in the 20th century was initiated when JP Morgan, Rockefeller and Paul Warburg (the same person who previously helped create the Federal Reserve in 1913). They purchased the main twenty five newspapers of the country and dictated to the editors they put in place in those newspapers, how the information was released under their guidelines and policies to control the perception of information to the public. These policies were then later in 1921 controlled and formed by the Council on Foreign Relations as they are today.

1921 - Council on Foreign Relations

In 1921 the Council on Foreign Relations (CFR) was formed. The New York branch was dominated by the associates of the J.P. Morgan bank. Council members set the narrative for the media with their members in major mainstream media outlets. Among the members of the Council on Foreign Relations is Allen Dulles, who later will be infamous

for his role in the Nazi infiltration into the US. [Ref](#)
[Ref](#)

1944 - Before the end of WWII the Nazis had a plan to infiltrate America and control the media using "world view warfare"

Before the end of the war, it was revealed that the Nazis had a fall back plan to infiltrate into the United States via support from the same group that funded the Nazi operations originally. Their approach was to have very long range plan over several generations using psychological warfare to completely dominate the full spectrum of information of the American public in all forms of media and education in order to manipulate the populace's perceptions in order to move forward on their agenda. This "matrix of perception" would thus influence the public's interpretation and decision making abilities in order to effectively hide their secret compartmentalized operations of their hidden civilization that has broken away from the rest of humanity as they slowly advance their agenda for world domination. The Nazis called this plan Weltanschauungskrieg or translated as "World

View Warfare”.

Starting with Operation Paperclip, Nazis were put into the highest positions within the CIA, NASA, Pharmaceutical corporations etc. They rewrote the school history books to hide their escape and infiltration. The American public believed we won the war due to the battle victories, but the Nazis cleverly escaped and effectively infiltrated and operated their network from the underground. The mainstream media was their greatest tool, with Allen Dulles who set up Operation Mockingbird to control the media. While they also controlled NASA, they kept America believing rocket propulsion was the only option for overcoming gravity for space travel while they secretly used their anti-gravity craft. Any advanced technology inventions in anti-gravity or energy were effectively suppressed with the Invention Secrecy Act of 1951. In 1955 president Eisenhower had negotiated a surrender agreement due to a 20 year technological advance over the United States which the defeat of Admiral Byrd's Operation High Jump attested to. Eisenhower attempted to warn the American public that the Nazi forth Reich had infiltrated the military industrial complex. While they kept America technologically suppressed, they used America as a resource and greatly advanced in secret their continuing technological superiority

and with their control within the intelligence agencies they controlled the mainstream media that forms the world view of the public's perceptions.

How could have this possibly happened and we not know about it?

Remember when your parents used to watch the evening news and they didn't really have any reason to question the information broadcasted on their television? Then as you grew into adulthood you also naturally assumed the television networks would not have any reason to deceive you, and you accepted the information as being reliable, based on assuming numerous broadcast journalists researching and vetting the information to be accurate.

Someone once said...

"When a well-packaged web of lies has been sold

gradually to the masses over generations, the truth will seem utterly preposterous and its speaker a raving lunatic."

When the truth sounds like an unbelievable bizarre science fiction movie plot that is so far from what we have been indoctrinated to believe, the very nature of the truth will keep it's own best secrecy. This was only able to be accomplished through public indoctrination spanning multiple generations

"It's easier to fool people than to convince them that they have been fooled."

- Mark Twain

1946 - Rockefeller Foundation has official history rewritten to hide some of the historical facts of WWII and the banking cabal's connection to the Nazis and their escape and subsequent infiltration into the US

The Rockefeller Foundation spent US \$139,000 in 1946 (over \$2 million in 2022 dollars) to present an official history of the Second World War which covered up the whole story of the U.S. bankers building up the Nazi regime as well as the occult and mystical background of the Nazis and many activities that would have brought future students of history into questioning who was behind those who controlled the education system they were in. Also the many mysterious wartime expeditions conducted by all the combatant countries, especially Germany, were not entered into the World War II history books. One of the main sponsors of this manipulation of history was Rockefeller's own "Standard Oil Corp"

**1950 - Operation Mockingbird - Beginning of
CIA Media Manipulation headed by Allen Dulles**

Setup by Allen Dulles within the OSS/CIA, who began a secret project called [Operation Mockingbird](#), with the intent of buying influence behind the scenes at major media outlets and putting reporters on the CIA payroll, which has proven to be a stunning ongoing success. The CIA effort to recruit American news organizations and journalists to become spies and disseminators of propaganda, was headed up by Allen Dulles, Frank Wisner, Richard Helms, and Philip Graham (publisher of The Washington Post). Media assets will eventually include ABC, NBC, CBS, Time, Newsweek, Associated Press, United Press International (UPI), Reuters, Hearst Newspapers, Scripps-Howard, Copley News Service, etc. and 400 journalists, who have secretly carried out assignments according to documents on file at CIA headquarters, from intelligence-gathering to serving as go-betweens. The CIA had infiltrated the nation's businesses, media, and universities with tens of thousands of on-call operatives by the 1950's. CIA Director Dulles had staffed the CIA almost exclusively with Ivy League graduates, especially from Yale with figures like George Herbert Walker Bush from the "[Skull and Bones](#)" Society. Allen Dulles and his successors were

fearful of what would happen if a journalist operative's cover was blown, or if details of the Agency's dealings with the press otherwise became public.

Today journalists are still working for the CIA and are called "Non Official Cover", meaning they write articles for the CIA, but the CIA will disavow any relationship if they are exposed. [Ref](#)

1954 MAY 29 - The first of yearly ongoing Bilderberg secret meetings now begins setup by former Nazi SS officer

Originally setup by former Nazi SS Prince Bernhard of the Netherlands at the Hotel de Bilderberg in the Netherlands, (*hence the name of these secret meetings*) Attending were President Eisenhower's CIA Director, Walter Bedell Smith, Prince Bernhard, David Rockefeller, other top world financiers and other Western power leaders convened the inaugural meeting of the Bilderberg Group. One of the early items on the Bilderberg agenda was the contact by the Star Nations. Shortly after establishing itself, the Bilderberg Group collaborated with the Council on Foreign Relations (CFR), another international policy body devoted to world management and control of the media. They discussed the problem of adjusting humankind to Star Visitors presence.

Prince Bernhard of the Netherlands had been a member of Schmitz's I.G. Farben's secret Industrial Espionage Unit N.W. 7 and SS- Knight of the Black Sun.

A Few Famous Bilderberg Attendees: David Rockefeller, Henry Kissinger, Bill Clinton, Gordon Brown, Angela Merkel, Alan Greenspan, Ben Bernanke, Larry Summers, George Soros, Donald Rumsfeld, Robert Murdoch, Jean-Claude Trichet (EU Bank President), Mervyn King (Bank of England), Edmond de Rothschild, Robert

Oppenheimer, Robert McNamara, Henry Ford II, Hillary Clinton, Steven Spielberg.

These highly secretive meetings are held practically every year since 1954 with some of the most powerful and wealthiest people on the planet to select leaders and the narrative in support of their world agenda. [Ref](#) [Ref](#) [Ref](#)

A “universal awakening of mass political consciousness.” has become “increasingly difficult to suppress” and control the “persistent and highly motivated populist resistance of politically awakened and historically resentful peoples”. Consolidation of Media Control

Since 1983 yearly Secret Meetings of the heads of Mainstream Media and the CIA in Sun Valley, Idaho started Media Consolidation

In 1983 encouraged by the CIA, media moguls began meeting at Sun Valley, Idaho to plan strategic consolidations and coordinate policies and acquisition strategies for the media industry. When the Sun Valley meetings began 90% of American media was owned by 50 companies, by 2011 the same 90% was controlled by only six companies. Making complete corporate media control today much easier than in 1983.

2021 JUL 6 - Top Secret Meeting of Mainstream Media, Big Tech, and Intelligence Heads in Sun Valley, Idaho

A&C
CO

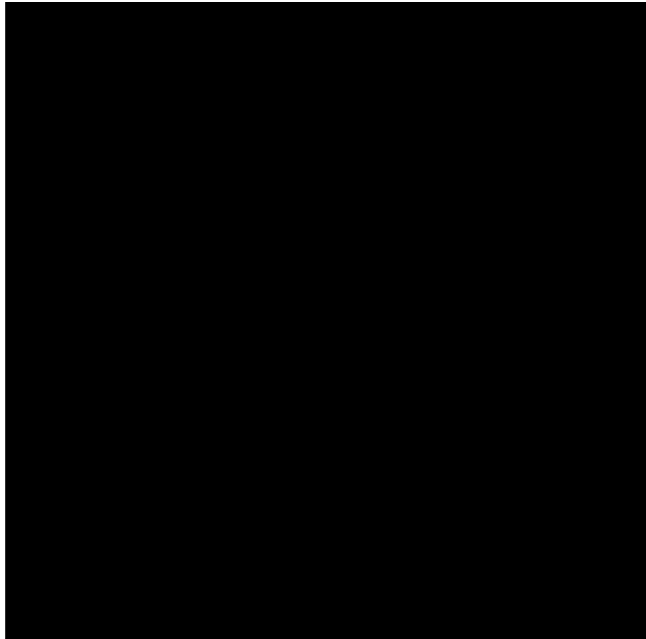

ALLEN &
COMPANY™

EST. 1932

Top-secret meetings are taking place between the top communications firms in the US. Big Tech, Mainstream Media (Big Media), and the intelligence community are gathering to strategize on how to consolidate their power over the information fed to the American people. Every July since 1983 Allen & Company meet with a small group of media moguls, tech titans, investors, politicians, and intelligence agency insiders, all gather in the small town of Sun Valley, Idaho, for a week of meetings to develop the consensus regarding policies for Mainstream media, social media, and emerging communications technology. It's basically like the Bilderberg meeting for media and since tech companies like Facebook, Twitter, Apple, and YouTube have become major players in the media industry, they all come together each year in Sun Valley trying to make sure no emerging platforms can threaten their power. The intelligence community is involved as well, to either allow back door access or get permission from these CEOs to collect data. We are talking CIA Directors and other intelligence groups.

As consolidation of big media since 1983 into 6 corporations, the unprecedented media consolidation of big tech was facilitated by a wave of big tech companies such as facebook Twitter, Google, Netflix and Amazon all aggressively purchasing independent media and startup tech companies. This aggressive purchasing accelerated the growing global media monopoly being secretly encouraged by the CIA at the annual Sun Valley meetings. In July 2021 Sun Valley once again featured major big media figures and big tech leaders such as:

***"There is something about the way the

- Harry S. Truman 1963

This documentary "Out of the Shadows" lifts the vail on how the mainstream media and Hollywood manipulate and control the masses by spreading propaganda going back to how through Operation Paperclip Nazis were brought into the CIA and

controlling both the mainstream media and Hollywood movies to move forward on their agenda. In this movie it stated that...

"Operation Paperclip it is documented, there's absolutely no question about it, Allen Dulles CIA director was associate of Heinrich Himmler of the Third Reich, so what Dulles proceeded to do when the Third Reich was brought down was he secretly brought all of the top Nazi scientists into the U.S., he falsified their files that he gave to Harry Truman making them look like there were no war crimes. They brought these Nazi scientists into the CIA to work for the CIA"

The Media and the Pandemic Vaccination Push Agenda

Wuhan Coronavirus COVID-19

Multiple indications have shown that the mainstream media has been complicit in an agenda connected with a fabricated propaganda of the COVID-19 pandemic in order to subjugate the population with fear in order to justify and promote an extreme push to inject all of the world's population with an experimental injection. [Indications](#) are that the so called "vaccine" wasn't created to save us from the pandemic, the pandemic fear was falsely created to convince us to take this experimental vaccine.

Highly credible scientists and doctors around the world have been [attempting to warn the public](#) to not take the injection, as accumulating evidence points to a nefarious depopulation agenda which

has been pre planned. The message of these scientists and doctors has been facing extreme censorship on big media and big tech to keep their warning from the public that this is a bioweapon. Their message is in direct contrast to the mainstream media's message that the vaccines are "safe and effective" and everyone needs to be injected for the safety of everyone in order to return to "normal". While at the same time the media is ostracizing those who are "vaccine hesitant" as representing a problem by being "unvaccinated", which the media is blaming for the surge in cases and keeping everyone from returning to normal. Whereas scientists have shown that this is a deceptive lie, and is instead highly toxic and will ultimately lead to the death of millions within a few years time or less.

As death numbers will continue to rise due to the effects of the bioweapon weakening immune systems of all those who have been vaccinated, the rising death toll will be blamed on the "unvaccinated", [whereas scientists have shown](#) that the vaccinated, not the unvaccinated, will be the ones who are shedding highly contagious spike protein virus variants. These millions of vaccinated people with weakened immune systems will be falsely recorded as a COVID death due to the PCR tests yielding false positives and not putting the blame on the true source of the problem which is in the vaccine.

This genocidal situation is something the eugenicists of Nazi Germany would have been proud to accomplish, and may very well be connected when one researches the [history of infiltration](#) into our medical system by the Nazis.

These media corporations control the multitude of information media outlets

The media talking points narrative that are centrally controlled and psychologically prepared are distributed to the various media outlet teleprompters for the newscasters to uniformly form the public's perceptions in alignment with the set agenda, and "this is a danger to our democracy".

The "Deep State" Alliances

By definition, the Deep State is state within a state, a shadow government that manipulates shapes the policies of the visible government, without regard to the best interests of the country, the US constitution, the laws enacted by congress, and the public policies of the president who heads the executive branch.

This infiltration originally connected with the Nazis and their sympathizers who share a common ideology and agenda with eugenicists and the globalist banking elite of the ultra-rich that originally funded the Nazis into power and control the many transnational corporations that collectively seek to destroy our constitutional republic and replace it with their plan for a "New World Order". This is what is commonly termed the "Deep State".

The Chinese Communist Party's totalitarian regime's agenda is aligned with the "New World Order" agenda of the Deep State of total population surveillance and control and has infiltrated within to coordinate with and influence the perceptions of the American public..

Today the Top U.S. Media Outlets and Big Tech are "Compromised" by Communist China

In 1963 the communist goals to overthrow the United States were entered into congressional record, they stated:

1. Capture one or both of the political parties
2. Infiltrate the press
3. Gain control of key positions in radio, television and motion pictures

It's pretty clear they have achieved those goals.

A host of corporate media outlets including CNN, The New York Times, The Washington Post, and MSNBC have participated in private dinners and sponsored trips with the China-United States Exchange Foundation, a Chinese Communist Party-funded group seeking to garner “favorable coverage” and “disseminate positive messages” regarding China.

Other outlets involved in the propaganda operation include Forbes, the Financial Times, Newsweek, Bloomberg, Reuters, ABC News, the Economist, the Wall Street Journal, Fox News, AFP, TIME magazine, LA Times, The Hill, BBC, NPR and The Atlantic. The relationship is revealed in the Department of Justice’s Foreign Agent Registration Act (FARA) filings, which reveal a relationship spanning over a decade between establishment media outlets and the China–United States Exchange Foundation (CUSEF).

According to [2011 disclosures](#) made under the Foreign Agents Registration Act (FARA) cited by Axios, CUSEF paid BLJ **\$20,000 each month to promote pro-Beijing propaganda in America.** This included sending journalists and journalism students to China to give them a “positive look at China’s accomplishments.” This was done to supposedly “educate the next generation of U.S. journalists on China and U.S.-China relations while they are still honing their craft,” the public filings revealed. CUSEF added. “This includes recruiting top journalists to travel to China, selected for

effectiveness and opportunities for favorable coverage.” It paid off, with the CCP getting its propaganda pushed in dozens of top outlets and hundreds of “news” and opinion pieces across America.

CNN for example is owned and operated by WarnerMedia, which has significant financial and institutional ties to the CCP. In June 2013, WarnerMedia announced it had forged a partnership with a Chinese investment fund to the tune of [\\$50 million](#).

According to a 2018 Pentagon report, the regime has even been buying up radio stations — including American stations — using subsidiaries to conceal the ownership. “These radio stations broadcast pro-China content but have not registered as agents of a foreign government under the Foreign Agents Registration Act (FARA),” explained the Defense Department report, headlined “[Assessment on US Defense Implications of China’s Expanding Global Access](#).”

The New American [reported](#), CUSEF is also flying top American politicians to China to be wined and dined. The list of politicians who have made the trek include congressmen, senators, governors, mayors, and prominent state lawmakers from both parties.

The National Committee on U.S.-China Relations, which has a leadership that reads like a who’s who of pro-Beijing powerhouse figures in the United States. The roster includes former U.S. Secretary of State Henry “New World Order” Kissinger, former U.S. Director of National Intelligence Dennis Blair, former U.S. Treasury Secretary Jacob Lew, and more.

With the obvious fact that America’s top propaganda outlets posing as “news” organizations are compromised by the world’s most murderous dictatorship, it is perhaps no surprise that those same “news” organizations refused to expose the

Biden and Harris families' myriad corrupt ties to that dictatorship.

Secretary of State Mike Pompeo spoke to the National Governors Association. During his speech Pompeo told the governors that China is keeping a list of the governors and China is rating US governors as “friendly, hardline, or ambiguous.” China knows who is “friendly” and who have sold out.

The Honorable Governor Whitmer,

I am calling on you today to instruct the necessary agencies in the State of Michigan to open a formal investigation into the incident that took place at Cherry Health Heart of the City Health Center in Grand Rapids, where a COVID-19 testing line was staged and later aired on CBS This Morning. In light of the Project Veritas video that was published May 6, 2020, the full truth of what happened will have not been established.

Yesterday, in a nationally televised press conference from the Oval Office, the President of the United States weighed in on this matter. This has only amplified the growing negative national attention Michigan has received. While our economy has been shut down compared to other states, it is now clear and certain as a national endorsement that calls into question the trust and reliability we can have in Cherry Health administration.

Cherry Health is a taxpayer funded entity and as such should receive proper oversight. Instances like this where taxpayer dollars are potentially being utilized for propaganda, not only lacks integrity but is also dishonest and disrespectful to our taxpayers. Taxpayers deserve to know that their dollars are being spent properly and in a principled manner.

As elected officials, the importance of transparency in this COVID-19 crisis has never been greater. It is our responsibility to ensure Michigan residents and Americans alike learn the whole truth about what really happened between CBS News and Cherry Health.

I demand you take immediate and decisive action and prevent such behavior from happening again.

I look forward to your prompt response.

Sincerely,

Rep. Steve Johnson
72nd District
CC: House Speaker Arto Nadeau & Speaker of the House Lee Chaitfield

2021 OCT 2 - NBC reporter attempts to hide the public's sentiment chanting "Fuck Joe Biden" with "Let's go, Brandon"

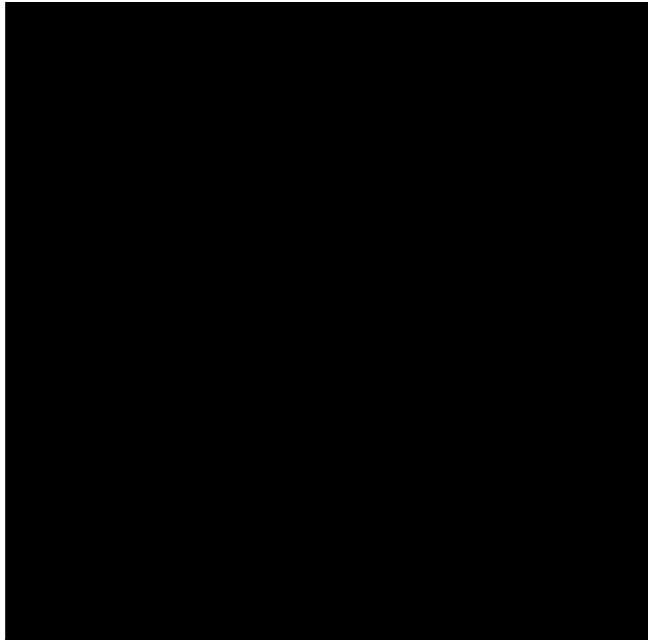

At a NASCAR race at the Talladega Superspeedway, it was a big day for 28-year-old driver Brandon Brown, who'd just scored his first Xfinity Series win, which is why he was interviewed on live camera by NBC Sports reporter Kelli Stavast. In the background you could hear the crowd chanting "Fuck Joe Biden". The NBC reporter attempting "damage control" said that the crowd was cheering "Let's go, Brandon". "Let's go, Brandon" has the same number of syllables as "Fuck Joe Biden." But for conservatives who believe the media is constantly lying to them, it felt like a potent example of a journalist distorting the truth. [Ref](#)

Emergency Alert System (EAS) Broadcast

The logo features the letters 'EAS' in a large, bold, red sans-serif font. Behind the letters are several concentric circles, resembling a target or a signal wave. A yellow lightning bolt with a black outline strikes the right side of the 'S'. Below the 'EAS' text, the words 'Emergency Alert System' are written in a bold, black, sans-serif font.

Emergency Alert System

The EAS is a national public warning system that provides the President with the communications capability to address the nation during a national emergency. The Emergency Alert System (EAS) is a national public warning system that requires radio and TV broadcasters, cable TV, wireless cable systems, satellite and wireline operators to provide the President with capability to address the American people within 10 minutes during a national emergency. This would effectively bypass the mainstream controlled news to all US citizens.

It is a federal offense if any media outlet does not allow the Emergency Alert System (EAS) to be broadcast through their station. Any station obfuscating the EAS broadcast will face criminal charges and could lose their FCC license to broadcast. [Ref](#) [Ref](#) [Ref](#)

Research All Sources of Information

In order to get the full picture of what is happening in the world, it is important to observe all sources of

information, both mainstream and alternative media, in order to evaluate from multiple perspectives the full evidence for yourself. In this way you can weigh the evidence which indicates what the true facts are, and what is being purposely distorted in order to form a perception that supports a coordinated organized effort to create a false perceived reality in the public's mind which supports the goals for the agenda of those behind this centralized media control.

Note in the below list of mainstream media news links the similarities in their headlines and narrative and choice of talking points. From analyzing what perception is derived from this collective narrative shared by practically all of the mainstream media outlets, you can then gain an insight into what next the deep state is attempting to create as a public perception in order to gain the public's consent to justify their next planned future actions that supports their goals in moving forward with their agenda. Keep in mind these are professionals of perception management that are creating these perceptions. Many of these outlets are controlled by the CIA at the highest executive levels and work together funded with billions of dollars invested into psychological think tanks that engineer our perceptions in order to gain the public's consent toward the set agenda.

Warning, the cognitive dissonance you may experience from decades of trusting information sources on your television set, going all the way back to your childhood, can be disturbing watching that once trusted news anchor directly telling you information that you have discovered is absolutely a false manipulation of the facts.

Such as telling you there is absolutely no evidence of election fraud, or that President Trump incited the Jan 6th capitol building riot and that there is no evidence that Antifa infiltrated the crowd and was involved. These statements to the public by the

media exposes their purposeful deception to falsely manipulate our citizen's perceptions in support of their agenda.
